Dear Mr. Abajian:

Form 10-K For the Fiscal Year Ended December 31, 2004

Item 7- Management Discussion and Analysis

Operating Review, page 35

1. In light of FR-65 and the related guidance made available by the Division of Corporation Finance on June 13, 2003, we believe that you should discontinue your presentation of restaurant level margins. In this regard, our principal objection is the exclusion of general and administrative expenses as well as advertising expenses. Since expenses related to the corporate and administrative functions are part of your efforts to turnaround the Hardees Brand as well as part of your continuing growth (e.g. site selection) and

management of franchises (e.g. streamlining of menus), we believe these costs should be included in any measure of profitability or performance. In addition, we believe that the titles and descriptions of your Non-GAAP financial measures are too similar to those used for GAAP purposes.

2. It appears that your definition of EBITDA does not conform with the definition of EBITDA within Item 10(e)(1)(ii)(A) of Regulation S-K. As such, your presentation of EBITDA does not meet the conditions for use specified in FR-65 and the Staff's Frequently Asked Questions Regarding the Use of Non-GAAP Financial Measures. Accordingly, please revise your presentation Non-GAAP measures to discontinue the use of the term EBITDA. However, we would not object to the use of adjusted EBITDA, provided that you comply with the aforementioned guidance.
3. Since you disclose that your credit facility is one of your primary sources of liquidity, please expand and clarify your description of debt covenants and specific financial ratios required under this credit facility. You may want to consider defining and including a discussion of adjusted EBITDA and its relationship to your current loan covenants. See Question 10 of the Staff's Frequently Asked Questions Regarding the Use of Non-GAAP Financial Measures. Additionally, from review of the definition of consolidated EBITDA within your Sixth Amended and Restated Credit Agreement, dated as of June 2, 2004, it appears that facility action charges and discontinued operations should not be added back to net income in arriving at adjusted EBITDA. Please advise or revise.

As appropriate, respond to these comments within 10 business days or tell us when you will provide us with a response. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a cover letter that keys your responses to our comments and provides any requested supplemental information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

Pursuant to Rule 101(a)(3) of Regulation S-T, your response should be also be submitted in electronic form, under the label "corresp" with a copy to the staff.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
